

## SPP 175 Mechanical Air Filter Element differential indicator

### General Description

The SPP-175 Is a simple Differential Indicator to Indicate the condition of Air filter element  
A simple sliding gauge showing Green for Good And Red For Dirty

The Gauge Glass can be easily seen from all angles  
Green Pressure 0 > 6 Psi Red 9 > 12 Psi Pressure Drop  
Max System Pressure 300 psi or 20 bar

### Notes

1. Differential fixed set range.
2. Over pressure to 20 Bar (300 PSI).
3. CE compliant.
4. Max Temperature 65C

### How to Order:

SPP—175

SPP— 175 > 2G > Air > > >

Model Range  
Green = 0—6 Psi  
Red = 9— 12 Psi

Medium  
Connection  
2G = 1/8 BSP Male
