

DA Intelligent Digital meter

Features

Power Supply : AC , 90 > 260 VAC

: DC , 18 > 30 VDC

Auxiliary power supply : A- 12VDC 30ma

: B- 24VDC 30ma

Dual Set Switch point relays

Measurement ranges

Current : 4 > 20ma

Voltage : 0 > 10 Volts

Display 4 Digit Large LED

CE Compliant

-

Loop Powered Display

This new generation low cost digital panel meter is available in Ac 90 to 260 VAC or DC the model DA8—RRB—is 18 through to 30 VDC Supply and has a 4 digit (9999) LED Display, with inputs of Currant 4 to 20 ma or voltage 0 to 10 volts, and is Ideal as a 2 wire loop powered pressure transmitter display incorporating programmable dual set points.
